

SENATOR MURPHY: Subsequently you did deliver to him the three bills involved and ask if he had any suggestions to make in that regard.

SENATOR RASMUSSEN: That I did, Senator Murphy, and I also gave to you the copy of the amended bill that he suggested.

SENATOR MURPHY: The material that I am asking to be entered in the Journal, Mr. President, is a copy of the Attorney General's version of LB 45, which concurs exactly with the wording I used, and which his Assistant Attorney General has now declared unconstitutional. I would like that to be a matter of record. The Assistant Attorney General's opinion says the Attorney General is wrong.

SENATOR MARVEL: Are you requesting unanimous consent that this be printed in the Journal, or is it already in the Journal?

SENATOR MURPHY: No, I will give it to you to be printed in the Journal. I just came up with it now.

SENATOR MARVEL: Okay. Is there any objection? If not, so ordered.

CLERK: Mr. President, Senator Warner gives notice of an Appropriations Committee hearing today at 1 o'clock. Signed, Senator Warner. Mr. President, LR 56, offered by Senator Reutzel, will be inserted in the Journal. It's a study resolution that will be referred to the Executive Board.

SENATOR MARVEL: Okay. Senator Barnett, the floor is yours.

SENATOR BARNETT: Mr. President, we have gone through the articles of the Criminal Code, thirteen articles. As we stated before, there is now amendments that can be offered for any section of the Code, in LB 38. Senator Chambers has talked about two or three that he's been interested in. Whether he has them ready, or not, I don't know. If they're not amending amendments, it would take the same on Select. I'm not going to rush it at this point, when we've gone so far in this thing that we don't give everybody the opportunity to attempt to do what they want to do, as we have said that we'd do. So with that in mind, I think the Clerk has some amendments to the Code. We've got about four or five that have been up there. Some of them are corrective, one of them is Senator Venditte's, one is to advance it, one was a question we had on conveyance of vehicles in the drug field, where they use the automobile or that type of vehicle...any vehicle for conveyance. Senator Venditte.... Senator Murphy has one up here, Senator DeCamp has one. So with that, I would suggest that the Clerk can.... Do I make a motion to advance LB 38 first, or can we take the amendments and then....

SENATOR MARVEL: I think we should take the amendments first, then.... The Clerk, I assume, has a list of amendments, right?

CLERK: Yes. I have a series of amendments here. Not that many, four or five. Mr. President, it was first offered on March 18th and laid over at that time. (Read Venditte amendment found on page 918 of the Journal).
